

INTRODUCTION

Passive Design Consultants (PDC) is a multi-disciplinary design team having its head office in **Delhi NCR**.

We aim to deliver high performance buildings & built environment which is sustainable, environmentally sensitive & responds to client needs.

Tailored to meet the real needs of our clients our buildings break the mould of ordinary. Innovation is embedded into the way we work with our clients.

To achieve the unexpected, our team always challenge themselves to deliver better than ever before. We look at things differently and deliver solutions that are **leaner, greener & cost effective**.

Passive Design Consultants

GREEN BUILDING DESIGN & PERFORMANCE ENGINEERING

VISION

Our vision is to deliver high performance engineering to facilitate global sustainable development.

CORE VALUES

Our core values are an integral part of our profession & key to success.

- Client-centric
- Teamwork
- Integrity
- Innovation
- Integrated Sustainable Design
- Continuous Improvement

PAN-INDIA PRESENCE & ENGAGEMENT

OUR CORE TEAM

Mr. Akshay Kumar Gupta

Director

A young professional with around 15 years of experience in the field of Architectural Design, Sustainability, Building Engineering and Green Building Certifications. He has worked globally as an Architect & Green Building Consultant in Australia, UK & India. He carries deep understanding of various international building practices, codes & standards. Mr. Gupta is also a visiting faculty in School of Planning & Architecture in Delhi, Vijaywada and Vaastu Kala Academy, Delhi for under graduate & post graduate students.

- Registered Architect- Council of Architecture (India)
- LEED Accredited Professional BD+C
- WELL Accredited Professional
- Indian Green Building Council Accredited Professional
- GRIHA Certified Professional
- GRIHA Evaluator
- BEE Certified ECBC Master Trainer
- BEEP Certified Integrated Design Charrette Conductor

Ms. Swati Garg
Senior Sustainability Consultant

She is a mechanical engineer with over 9 years of diverse professional experience. In her previous organizations, she has worked as HVAC Consultant, IT professional & Green Building Consultant. Being a keen learner & dedicated professional she has developed skills in building performance analysis and high performance HVAC design.

Ms. Disha Vishisht
Senior Sustainability Consultant

Disha is an architect graduated from Faculty of Architecture & Planning, AKTU, Lucknow. She brings with her passion in green building design and certification. She has completed her Masters Degree in Environmental Design and is also well versed with building analysis through Building Energy & Daylight Simulations.

- Registered Architect- Council of Architecture (India)

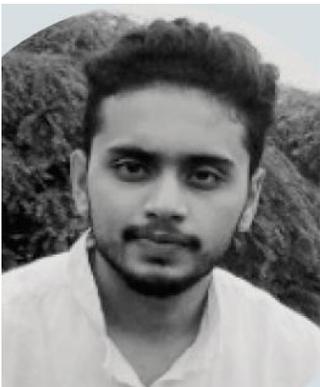

Ms. Ponchi Boruah

Senior Sustainability Consultant

Ponchi is an Architect from Guwahati College of Architecture. She has worked on architectural and interior designing of high end residential and commercial projects. She is involved in green building documentation and design analysis for various projects seeking IGBC & GRIHA rating. She has keen interest in green buildings and sustainable design developments.

- B. Arch.
- COA Registered Architect

Mr. Rohan Chauhan

Senior Sustainability Consultant

Rohan has more than 4 years of experience in green building facilitation and documentation. He is an architect with keen interest in sustainable development of our country and carry following credentials

- COA Registered Architect
- IGBC Accredited Professional
- GRIHA Certified Professional

Mr. Hammadul Haque

Energy Consultant

Haamdul is a Mechanical Engineer with interest in building performance analysis. He has his Masters Degree from Jamia Milia Islamia University, New Delhi & Bachelors from AKTU. He has been working on green building design and analysis for more than 2 years. His expertise is in daylight analysis and energy simulations.

- B. Tech
- M.Tech (Energy Science)

Mohd. Saquib

Energy Consultant

Mohd. Saquib is a Mechanical Engineer with both Bachelors and Masters Degree from Integral University, Lucknow. He is involved in high performance building energy simulations and daylight analysis of green buildings. Being passionate about energy efficient buildings in India, he has focussed his working in green buildings sector for more than 1 year.

- B. Tech.
- M. Tech

Ms. Tanisha Chabra
Sustainability Consultant

Tanisha is a sustainability consultant at Passive Design Consultants, completed her bachelors from GZS School of Architecture and Planning, MRSPTU Bathinda and masters in sustainable architecture from Deenbandhu Chhotu Ram University of Science and Technology (DCRUST), Murthal, Sonipat. Her knowledge and expertise in sustainable practices is an asset for the company. She has a keen interest in green building certification and documentation.

- CoA Registered Architect
- M. Arch (Sustainable Design)

Ms. Saumya Verma
Sustainability Consultant

Saumya is a sustainability consultant at Passive Design Consultants. With a background in architecture. She graduated from Babu Banarasi das University in Lucknow. Saumya further pursued her Masters in Environmental Design from the Faculty of Architecture and Planning at AKTU Lucknow, deepening her knowledge of sustainable practices. She works on building performance simulations and green certifications.

- CoA Registered Architect.
- M. Arch. (Sustainable Design)
- IGBC Accredited Professional

Ms. Nishima Goyal

Sustainability Consultant

Nishima is a Sustainability Consultant at Passive Design Consultants. She holds a Master's degree in Sustainable Architecture from Deenbandhu Chhotu Ram University of Science and Technology, Sonipat. She has experience in Green Building documentation on various GRIHA variants as well as IGBC projects along with the knowledge of Daylight simulation software. She believes in the finer threads of design and after being equipped with the knowledge on sustainability she believes 'Responsible Design' is what one should always aim for.

- CoA Registered Architect
- M. Arch (Sustainable Design)
- GRIHA Certified Professional

COMPLETED GREEN BUILDING PROJECTS
