Principal's message

Dr. Vandana Sehgal

Dean and Principal
Faculty of Architecture and Planning, Lucknow

"Architecture is a usual art and is experienced through all our senses. According to Corbusier, we feel it through eyes that see, head that turns and the legs that walk."

The buildings are the reflection of man's aspirations. These designs are brought to life by architects. These architects are created from young creative minds through rigorous training and technical knowledge imparted by experienced faculty and a conducive environment. At the faculty of architecture, AKTU, we aspire for out of the box solutions and yet be grounded in reality.

message from Professor-In-Charge

Dr. Subhrajit Banerjee

Associate Professor;

Associate Dean Post-Graduate Studies and Research – AKTU

Faculty of Architecture and Planning, Dr. APJ Abdul Kalam Technical University, formerly known as Government College of Architecture, has been imparting technical education in the field of architecture and planning since 1955. With a strong foundation, FOAP always aims towards an inclusive development that includes research and extra-curricular activities with rigorous coursework that has always strived for excellence. This institution, with the support of the government of Uttar Pradesh, facilitates and organizes a number of knowledge sessions, lectures, seminars, and workshops which enable practical learning and exposure to the students. The students from four post-graduate programmes (Master of Urban and Regional Planning, Master in Architecture, Master in Environmental Design, Masters of Interior Design) and the Graduate Program in Architecture are fully equipped to enter the professional field. Students are well-trained not only in theoretical knowledge but also in hands-on experience with software such as AutoCAD, ArcGIS, Q-GIS, and others.

about college

The Institute "Faculty of Architecture and Planning-AKTU", primarily a faculty of Dr. A. P. J. Abdul Kalam Technical University Lucknow, is set on a 6-acre site and is a short walk from Hazratganj's city centre. It was founded in 1911 as a branch of the Government College of Arts and Crafts and is one of the country's oldest. The institution split from the Government College of Arts and Crafts in 1976, adopting the name "Government School of Architecture." It was later renamed "Government College of Architecture, Lucknow" (popularly known as GCA, Lucknow) in 1980, when it gained the status of a constituent college of Lucknow University.

Until the 1999-2000 academic year, the college, which was part of Lucknow University's "Faculty of Architecture & Planning," offered a 5-year degree programme culminating in the award of a Bachelor's degree in Architecture (B. Arch). As of the academic year 2000-2001, it was affiliated with the newly founded "U.P. Technical University, Lucknow" for all academic affairs, in accordance with a government decision that applied to all other technical institutes in the state.

academic programmes

Doctoral Programmes

Ph.D.

Full-time Programme (4-5 years)
